### 作者简介：

LEIGH GREENWOOD is the author of both the popular Seven Brides series and The Cowboys series. The proud father of three grown children, Leigh, along with his wife of more than thirty years and the family cat that rules their lives, resides in Charlotte, North Carolina. He has served as President of Romance Writers of America, has served as President of Romance Writers of America, and is presently working on his next book.

### 内容简介

In Greenwood's latest he catches up with Hawk and Zeke, who banded together as the two misfits in the Maxwell clan. Hawk is the son of a Comanche chief and a white woman, and Zeke was a black slave sold to the same farmers who abused Buck in *The Cowboys: Buck* (1998). Resigned to a future as bachelors and social outcasts, they sink all their money into a small Arizona ranch and a string of horses they plan to breed. As they bring the last of the mares, heavy with foals, home, they spy a broken-down wagon and stop to help. It's full of saloon girls, and Hawk and Zeke elect to escort them on the trail, although their lives are complicated immeasurably by the attraction they feel for two of the women. Greenwood's compelling western romance offers cameo appearances of characters from his earlier series, including *Seven Brides*, and it is chock-full of action and adventure, brimming with colorful scenery, and bristling with clashes between well-developed characters.
