内容简介

Rischarad proposes alternative vehicles for global problem-solving that are unusual and persuasive.

作者简介

J. F. Rischarad is the World Bank's vice president for Europe. He lives in Paris, France.

媒体评论

"In High Noon, Rischarad has supplied a much-needed call for careful thought and for action. We can now build on his extremely clear discussion of the major global issues facing the world today, of the linkages among them, and of opportunities to do something about them."
