内容简介

In 1880 Dostoevsky completed "The Brothers Karamazov," the literary effort for which he had been preparing all his life. Compelling, profound, complex, it is the story of a patricide and of the four sons who each had a motive for murder: Dmitry, the sensualist, Ivan, the intellectual; Alyosha, the mystic; and twisted, cunning Smerdyakov, the bastard child. Frequently lurid, nightmarish, always brilliant, the novel plunges the reader into a sordid love triangle, a pathological obsession, and a gripping courtroom drama. But throughout the whole, Dostoevsky searches for the truth--about man, about life, about the existence of God. A terrifying answer to man's eternal questions, this monumental work remains the crowning achievement of perhaps the finest novelist of all time.

作者简介

Fyodor M. Dostoevsky (November 11 [O.S. October 30] 1821 — February 9 [O.S. January 28] 1881) is considered one of the greatest Russian writers, whose works have had a profound and lasting effect on twentieth-century fiction. His works often feature characters living in poor conditions with disparate and extreme states of mind, and exhibit both an uncanny grasp of human psychology as well as penetrating analyses of the political, social and spiritual states of Russia of his time. Many of his best-known works are prophetic precursors to modern-day thoughts. He is sometimes considered to be a founder of existentialism, most frequently for *Notes from Underground*, which has been described by Walter Kaufmann as "the best overture for existentialism ever written."
