内容简介

One of the towering figures of world literature, Goethe has never held quite as prominent a place in the English-speaking world as he deserves. This collection of his four major works, together with a selection of his finest letters and poems, shows that he is not only one of the very greatest European writers: he is also accessible, entertaining, and contemporary.

The Sorrows of Young Werther is a story of self-destructive love that made its author a celebrity overnight at the age of twenty-five. Its exploration of the conflicts between ideas and feelings, between circumstance and desire, continues in his controversial novel probing the institution of marriage, *Elective Affinities*. The cosmic drama of *Faust* goes far beyond the realism of the novels in a poetic exploration of good and evil, while *Italian Journey*, written in the author's old age, recalls his youth in Italy and the impact of Mediterranean culture on a young northerner.
