## 内容简介

In this nuanced and complex portrait of Barack Obama, Pulitzer Prize-winner David Remnick offers a thorough, intricate, and riveting account of the unique experiences that shaped our nation's first African American president.

Through extensive on-the-record interviews with friends and teachers, mentors and disparagers, family members and Obama himself, Remnick explores the elite institutions that first exposed Obama to social tensions, and the intellectual currents that contributed to his identity. Using America's racial history as a backdrop for Obama's own story, Remnick further reveals how an initially rootless and confused young man built on the experiences of an earlier generation of black leaders to become one of the central figures of our time.
