## 编辑推荐

本书是由吕国光编写的《中国农民大迁徙：农民工口述实录》(英文版)，其内容提要如下： Many people look down on our migrant workers. But society is a big family. If I do not adapt myself to it, I will never be accepted. I think the best thing I can do is to keep away from bad things. I have been away from home for several years, but I have never been homesick. It is strange. Perhaps it is because I know I still have a long road to travel before going home.

## 内容简介

本书是由吕国光编写的《中国农民大迁徙：农民工口述实录》(英文版)。  
《中国农民大迁徙：农民工口述实录》(英文版)的内容提要如下： This remarkable book reveals the human cost of China's staggering growth, not in statistics but in the plain, unvarnished stories of China's migrant workers, who, for more than two decades, have journeyed from the provinces, flooding into China's urban centers, fueling the fires that drive its engines of urban growth and economic expansion. From factory workers to neon sign maker to starry-eyed entrepreneur, here are the hopes, dreams, triumphs, and heartbreaking tragedies of several generations of migrant workers. A must-read for those interested in contemporary China studies, oral histories, labor history, and emerging global economies.
