## 内容简介

The Sixth Edition of The Norton Anthology of English Literature continues to be the indispensable anthology. Like its predecessors, the Sixth Edition offers the best in English literature from the classic to the contemporary in a readable, teachable format. More selections by women and twentieth-century writers, a richer offering of contextual writings, apparatus fully revised to reflect today's scholarship, and a new larger trim size make the Sixth Edition the choice for breadth, depth, and quality.

## 目录
