## 内容简介

Coleridge combined the genius of a poet with the mind of a philosophical critic. His writings are wide-ranging in form and content, and vast in number. Norton's long-awaited edition is the most comprehensive and user-friendly student edition available. Supporting apparatus includes detailed headnotes, footnotes (both Coleridge's and the editors'), biographical register, glossary, and an index of poems and first lines. "Criticism" includes twenty assessments of Coleridge's poetry and prose by British and American authors.

### 作者简介：

Nicholas Halmi is Assistant Professor at the University of Washington. He is co-editor of Coleridge's *Opus Maximum* (Princeton), contributor to *The Encyclopedia of the Romantic Era*, and author of numerous articles on Enlightenment and Romantic topics.
