作者简介：

MAUREEN MITTON is Associate Professor in the Department of Art and Design at the University of Wisconsin – Stout. She is a certified interior designer, is NCIDQ-qualified, and is a member of IIDA, IDEC, and CID. Mitton is the author of Interior Design Visual Presentation, published by Wiley.

内容简介

A Room-by-room guide to home interior design

More than a decorating guide, Residential Interior Design teaches the fundamental skills needed to plan interior spaces for all types of homes, in all decorative styles, from remodeling to new construction. Taking a step-by-step approach, this valuable primer reviews all aspects of interior architecture as it relates to human factors and daily use.

Authors and interior designers Maureen Mitton and Courtney Nystuen explore the minimal amount of space necessary in order for rooms to function usefully, from the kitchen to the bathroom, the bedroom to the hallway, and every room in between. Packed with hundreds of drawings and photographs, this valuable tool is brimming with useful information regarding codes, mechanical and electrical systems, the Americans with Disabilities Act, accessibility codes, special considerations for multi-family dwellings, and a variety of additional factors that impact each type of room and its corresponding space.

With a focus on quality of design over quantity of space, Residential Interior Design is the first stop to designing equally efficient and attractive rooms.

目录

Acknowledgments

Chapter 1. Introduction

Introduction: What This Book is About

An Overview: Quantity and Quality

Human Behavior and Housing

Basic Residential Building Construction and Structure

An Overview of Chapter Topics

Accessibility, Universal Design and Visitability

Ergonomics and Required Clearances

Organizational Flow

Related Codes and Constraints

Electrical and Mechanical

Lighting

Bibliography

Chapter 2. Visual Thinking and Design Graphics

Orthographic Projections

The Sample Project: More Orthographic Projections

Site Plans

Floor Plans

Dimensions

Sections

Interior Elevations

Reflected Ceiling Plans

Finish Schedules

Bibliography

Chapter 3. Bedrooms

Accessibility

Fixtures

Bathroom Storage and Cabinetry

Ergonomics and Required Clearances

Organizational Flow

Related Codes and Constraints

Electrical and Mechanical

Lighting

Bibliography

Chapter 4. Bathrooms

Accessibility

Fixtures

Toilets

Urinals

Bidets

Sinks

Faucets

Bathtubs

Soaking and Whirlpool Tubs

Showers

Storage and Cabinetry

Ergonomics and Required Clearances

Organizational Flow

Related Codes and Constraints

Electrical and Mechanical

Lighting
