## 内容简介

Venice is a city where waterfront palaces rub shoulders with modest houses, where housewives sit chatting as they hang their laundry in elegant medieval campos, where sun-bathing is done from your rooftop altana and your bus to work has an outboard engine. Discover an ancient and fiercely independent culture, whose swirling life is echoed in the circling flocks of pigeons of the Piazza San Marco. The Michelin Green Guide is the authority on Venice today and the forces of nature and society that have shaped it. Michelin's local writers have walked, water taxied, visited, slept, shopped and eaten through every tour, sight, hotel, restaurant, boutique, caf and venue in this guide. Where they have stepped, you won't put a foot wrong. The Green Guide Venice is meticulously updated and beautifully illustrated with full-color photographs, scores of Michelin maps, and insider coverage of shopping, nightlife, accommodations and restaurants.
