开本：32开

纸张：胶版纸

包装：平装

是否套装：否

国际标准书号ISBN：9781578263868

## 编辑推荐

"This well researched book is a must read owners manual for anyone with diabetes (and their family members). The information in this book will teach you how to be your own best weapon against diabetic foot complications like amputation."

— Dr. Troy Boffeli, Fellow and Past Board of Directors of the American College of Foot & Ankle Surgeons

"The Diabetic Foot Care book provides the groundwork for any patient to understand how the foot is affected by diabetes, and the means by which prevention and coordinated professional care can allow the diabetic to 'walk' through life in the most healthy way."

— Dr. David J. Neese, DPM, FACFAS

## 内容简介

### A Comprehensive Guide to Foot Care for Diabetes Patients and Their Caregivers

People with diabetes often experience a myriad of complications, but some of the most devastating troubles occur in the feet. Maintaining proper foot care is crucial to ensuring optimal foot health and avoiding more serious problems such as hospitalization, chronic wound care, and amputation.

Whether you have diabetes or are caring for someone with this disease, Diabetic Foot Care provides everything you need to know to keep feet strong and healthy while living with diabetes.

In addition to a basic overview of diabetes and common foot problems related to diabetes, Diabetic Foot Care also includes:

Basic care for feet ' s skin and nails

Tips on the best shoes and socks for a comfortable fit

Safe exercise and diet tips to promote foot health

Guide to finding and seeing a doctor

Overview of medications for specific foot problems

## 作者简介

Erik Hanson works at the Alzheimer ' s Research Center at Regions Hospital in St. Paul, Minnesota, where he does technical writing and has done experimental work on neuroscience. During his work at Regions Hospital, Erik has written on Alzheimer ' s disease (sometimes termed “ type III diabetes ” because nerve cells in the brain are unable to readily use glucose) and the effects of deferoxamine as a neuroprotective treatment. Erik lives in the Minneapolis area.

Roy Moeller received his DPM from the Dr. William M. Scholl College of Podiatric Medicine in Chicago, Illinois. He did his podiatric surgical residency in southwest Minnesota based out of the Windom Area Hospital. He has been a podiatrist in private practice since 1986, serving the western suburbs of the Twin Cities with offices in Chanhassen and Edina.
