内容简介

Want to take control of your finances once and for all? *Managing Your Money All-in-One For Dummies* combines expert money management with personal finance tips. From credit cards and insurance to taxes, investing, retirement, and more, seven mini-books show you how to improve your relationship with money — no matter your age or stage of life.

This easy-to-understand guide shows you how to assess your financial situation, calculate debt, prepare a budget, trim spending, boost your income, and improve your credit score. You'll find ways to run a money-smart household, reduce waste, and cut medical and transportation expenses as you tackle your debt head-on and develop good saving habits. You'll even get help choosing the right mortgage and avoiding foreclosure, saving for college or retirement, and determining your home-, car-, and life insurance needs. Discover how to: Take charge of your finances, Manage home and personal finances, Lower your taxes and avoid tax audits, Plan a budget and scale back on expenses, Deal with debt and negotiate with creditors, Save and invest safely for college or retirement, Protect your money and assets from fraud and identity theft, Ensure a comfortable retirement, Plan your estate and safeguard a will or trust.
