内容简介

This Second Norton Critical Edition of Leo Tolstoy ' s epic novel is again based on the Louise and Aylmer Maude translation (originally published in 1918; revised with notes in 1939), which has never been surpassed.

This volume reprints the 1939 edition, which the editor has revised, making twenty-one textual changes and revising or adding forty-nine footnotes.

Backgrounds and Sources includes central passages from the letters of Tolstoy and his correspondents, S. A. Tolstoy ' s diaries, and contemporary accounts translated by George Gibian exclusively for this Norton Critical Edition. Together these materials document Tolstoy ' s writing process and chronicle Anna Karenina ' s reception upon publication during the period 1875 – 77. Criticism unites Russian and Western interpretations to present the best canonical scholarship on Anna Karenina written between 1877 and 1994.
