内容简介

Throughout history, some books have changed the world. They have transformed the way we see ourselves- and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now PENGUIN brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

John Ruskin's insights into the need for individual artistic freedom, and his disdain for the mass-production art of the Victorian era, radically altered society's perceptions of creative design and remain powerfully relevant to our ideas of beauty today.
