## 内容简介

Among Shakespeare's plays, Hamlet is considered by many his masterpiece. Among actors, the role of Hamlet, Prince of Denmark, is considered the jewel in the crown of a triumphant theatrical career. Now Kenneth Branagh plays the leading role and co-directs a brilliant ensemble performance. Three generations of legendary leading actors, many of whom first assembled for the Oscar-winning film Henry V, gather here to perform the rarely heard complete version of the play. This clear, subtly nuanced, stunning dramatization, presented by The Renaissance Theatre Company in association with Bbc Broadcasting, features such luminaries as Sir John Gielgud, Derek Jacobi, Emma Thompson and Christopher Ravenscroft. It combines a full cast with stirring music and sound effects to bring this magnificent Shakespearean classic vividly to life. Revealing new riches with each listening, this production of Hamlet is an invaluable aid for students, teachers and all true lovers of Shakespeare -- a recording to be treasured for decades to come. --This text refers to an out of print or unavailable edition of this title.
