## 内容简介

Sherlock Holmes was not the only writing Arthur Conan Doyle (1859-1930) did but Holmes and Dr. Watson are his most remembered characters.

Holmes titled himself a "Consulting Detective". His powers of observation, his understanding of crime, and his insights into the criminal mind were brilliant. His knowledge of things not related to crime were extremely limited, except in opera and the violin.

Like many other authors famous for a single character, Arthur Conan Doyle attempted to "kill" Holmes. But the readers would not let this happen. Holmes eventually appeared in 56 short stories and 4 novels. --This text refers to an out of print or unavailable edition of this title.

## 目录
