## 内容简介

The Shadows of Sherlock Holmes is a fascinating collection of stories featuring detectives, criminal agents and debonair crooks from the golden age of crime fiction: a time when Sherlock Holmes was ensconced in his rooms at 221B Baker Street and London was permanently wreathed in a sinister fog. These gripping tales of mystery, suspense and clever puzzles are wonderfully entertaining and in them you will meet The Crime Doctor, Professor Augustus S.F.X. Van Dusen - The Thinking Machine, Max Carrados - the incredible blind detective, the repulsive but brilliant Skin o' My Teeth, and the natty, ingenious French sleuth Eugene Valmont. On the other side of the law, there are gentleman crooks Raffles and Simon Carn - the Prince of Swindlers. The stories include: The Purloined Letter by Edgar Allan Poe, The Stolen Cigar Case by Bret Harte, The Swedish Match by Anton Chekhov, Nine Points of the Law by E.W. Hornung, The Ghost at Massingham Mansions by Ernest Bramah and The Great Pearl Mystery by Baroness Orczy.
