He was the founder, CEO, and chairman of LifeUSA, a life insurance company which was formed in 1987 and sold to Allianz SE for \$500 million. He retired as chairman and CEO of Allianz North America. 内容简介

Beat the System is a follow-up to Robert MacDonald's controversial but successful first book, Cheat to Win. Packed with proven, real-life advice, Beat the System shows readers how to deal with the bureaucracy that can smother the creativity and entrepreneurship essential to long-range business success. Beat the System teaches readers how to beat the bureaucratic system by building entrepreneurial cultures in their businesses, their departments, or even their individual jobs. MacDonald skillfully describes how business cultures develop, how bureaucratic procedures and processes seep into them, and how to build an entrepreneurial culture even as we live in a bureaucratic world. At the heart of his system are practical steps that create a sense of ownership among employees, invites their participation, creates a common mission, fosters an entrepreneurial atmosphere, and shares the rewards with all.
