内容简介

Roads to Santiago is an evocative travelogue through the sights, sounds, and smells of a little known Spain-its architecture, art, history, landscapes, villages, and people. And as much as it is the story of his travels, it is an elegant and detailed chronicle of Cees Nooteboom's thirty-five-year love affair with his adopted second country. He presents a world not visible to the casual tourist, by invoking the great spirits of Spain's past-El Cid, Cervantes, Alfonso the Chaste and Alfonso the Wise, the ill-fated Hapsburgs, and Velzquez. Be it a discussion of his trip to the magnificent Prado Museum or his visit to the shrine of the Black Madonna of Guadalupe, Nooteboom writes with the depth and intelligence of an historian, the bravado of an adventurer, and the passion of a poet. Reminiscent of Robert Hughes's Barcelona, Roads to Santiago is the consummate portrait of Spain for all readers.

作者简介

Cees Nooteboom, one of Holland's most popular and most translated authors, has written eleven volumes of travel articles and essays. His previous books include *The Following Story*, winner of the 1993 European Prize, *Rituals*, and *In the Dutch Mountains*. He lives in Amsterdam.
