内容简介

Candyland is as inventive and explosive, stylish and perceptive as its creator. The novel being as a fever-pitched search for identity, told in classic Evan Hunter style.

Alone in New York City on business, Benjamin Thorpe—a successful Los Angeles architect and family man—spends his empty nights on a compulsive quest for female companionship. His dizzying descent leads to a confrontation in a midtown bordello and a searing self-revelation.....

And suddenly we are in Ed McBain territory.

Emma Boyle of the Special Victims Unit is assigned to the case of a young prostitute's murder. As the foggy evens of the night in question come into focus, Benjamin Thorpe becomes a viable suspect. The excruciating suspense is classic McBain—and the combined impact of both halves of CANDYLAND is unforgettable.
