## 内容简介

Elizabeth Bennet is at first determined to dislike Mr. Darcy, who is handsome and eligible. This misjudgment only matched in folly by Darcy's arrogant pride. Their first impressions give way to truer feelings in a comedy concerned with happiness and how it might be achieved.

Jane Austen was born in Steventon, Hampshire, on December 16, 1775. Her father, the Reverend George Austen, was rector of Steventon, where she spent her first twenty-five years, along with her six brothers (two of them later naval officers in the Napoleonic wars) and her adored sister, Cassandra. She read voraciously from an early age, counting among her favorites the novels of Samuel Richardson, Henry Fielding, and Fanny Burney, and the poetry of William Cowper and George Crabbe. Her family was lively and affectionate and they encouraged her precocious literary efforts, the earliest dating from age twelve, which already displayed the beginnings of her comic style. Her first novels, *Elinor and Marianne* (1796) and *First Impressions* (1797), were not published. The gothic parody *Northanger Abbey* was accepted for publication in 1803 but was ultimately withheld by the publisher.
