## 内容简介

Caryl Phillips' ambitious and powerful novel spans two hundred and fifty years of the African Diaspora. It tracks two brothers and a sister on their separate journeys through different epochs and continents: one as a missionary to Liberia in the 1830s, one a pioneer on a wagon trail to the American west later that century, and one a GI posted to a Yorkshire village in the Second World War.

Crossing the River won the James Tait Black Memorial Award in 1994, and was shortlist for the 1993 Booker Prize.

Caryl Phillips' exploration of the relations between black and white is nuanced, humane, and sympathetic. And his deep awareness of the historical process is combined with an exceptionally intelligent prose style—clear, unencumbered, and compassionate. *New Statesman & Society*.
