内容简介

Lemuel Gulliver, ship's surgeon and castaway, has awoken in Lilliput, where the size of the tiny inhabitants makes their concerns and quarrels seem ridiculous. A second journey takes him to the kingdom of giants, where again his size gives him new adventures by pirates, Gulliver's final voyage brings him to the land of the Houyhnhnms, horses with reason, who share their domain with the brutish Yahoos. He returns to England a changed man.

Swift's corrosive satire embraces all aspects of humanity. It is witty when dealing with foibles and frailty, bitterly when facing pride and stupidity, but compassionate and unsentimental when focused upon suffering.
