内容简介

The basis of a four-part prime-time BBC series, Michael Lewis' new book explores how digital technology, and the internet in particular, has changed the way we live. He argues that not only does our generation now have the easiest access to more information than ever before, but more importantly this has changed our attitudes to how we run our lives. In his inimitable, amusing style, bestselling author Michael Lewis has written a marvellously accessible portrait of modern times.

作者简介：Michael Lewis is a former banker who worked at Salomon Brothers in the height of Eighties boom. He writes regularly as a journalist and is the author of several books, including the international bestseller, LIAR ' S POKER.

目录

INTRODUCTION:THE INVISIBLE REVOLUTION

ONE THE FINANCIAL REVOLT

TWO PYRAMIDS AND PANCAKES

THREE THE REVOLT OF THE MASSES
